

California OES Weather Threat Briefing

Saturday, March 30, 2019
9:00 AM PST

Day 1: Gusty winds will make driving difficult, especially for high profile vehicles, in portions of southern California today.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

03/30/19 - 04/05/19

Saturday-Sunday

- Drier and warmer weather for the weekend
- Gusty winds across portions of southern California on Saturday will make driving difficult, especially for high profile vehicles

Sunday night-Wednesday

- A relatively minor storm system is expected to move across northern California to start the week, with valley rain and mountain snow possible for the northern half of the state
 - Generally 0.50-1.00" precipitation expected across portions of Coastal and Inland Regions
 - Some mountain travel impacts possible due to accumulating snowfall
- Gusty winds increasing across Southern Region, especially Tuesday and Wednesday

Thursday-Saturday

- A potentially stronger and wetter storm system could bring moderate to heavy rainfall to northern and central California to end the week, with Friday as currently the most likely day for heavy rain
 - Confidence in details with this storm should increase through the early portions of the week
